

Airless Lubricants, Storage Solutions & Filters

188.187

Throat Seal Oil

→ Used in the wet cup of a piston pump, to stop paint (that might leak from the upper packing) from drying on the piston and causing damage to the upper packing. Use with all piston pumps.

No.	Description
188.187	Throat Seal Oil 6 oz (168 ml) Bottle

Quick Flush System

→ The only clean water flushing system
 → Cuts clean-up time of airless sprayers
 → Connects to standard garden hose to backflush water based paint through gun and hose
 → Includes "F" and "G" adapters for use with all brands of airless guns

No.	Description
170.005	Quick Flush System

170.005
