

# Spray Gun Accessories

**015001**

## Spray Gun Lube

→ Natural and non-toxic, Super Lube can be used on all moving parts of a spray gun or airbrush. Ideal for leather needle packings. Will not affect or react with any enamel, lacquer or water-based paint.

Order No.	Description
<b>015001</b>	Super Lube Spray Gun Lubricant (1/2 oz) 14 ml bottle

**AC01**

**DR8**

## In Line Air Controller

→ Connects onto the air inlet of a spray gun to control the amount of atomising air  
 → Compact, lightweight design—can be left on the spray gun while in use  
 → AC.01 - regulate flow by rotating gauge; DR5 - regulate flow by turning knob  
 → Also used as a flow through test gauge, merely connect the quick release fitting  
 → Ideal for all High T.E.C. and HVLP spray guns
