

Beugler Striper

BMS5

The Beugler Striper

Developed nearly a century ago, the Beugler Striper is the perfect tool for easily and accurately applying lines. Ideal for just about any project where lines are applied, e.g., picture framing, arts and crafts and automotive. The Beugler Striper will apply borders and outlines that are straight, curved, even tapered. Low tech, yet high precision, simple mechanical design and operation to ensure years of dependable service.
